Dear Resident

Bowbrook, Copthorne and Radbrook Local Joint Committee - Your Chance to get Involved

I am writing on behalf of the Bowbrook, Copthorne and Radbrook Local Joint Committee to invite you to attend the next public meeting due to be held on **Tuesday, 5th March 2013 at 7.00 p.m. at The Grapes, Welshpool Road, Shrewsbury, SY3 8BH.**

The Local Joint Committee meeting will enable local people to have their say and get involved in decisions affecting their community. People will be able to raise issues at meetings, and the Committees will have the power to call in members of Local Councils or Senior Officers and question them over decisions affecting the Bowbrook, Copthorne and Radbrook areas.

This is an excellent way for people to be able to get involved in decision making in their local community and to question Councillors or Council Officers about decisions they have made, or want to make, as well as providing an opportunity to put forward their own views.

The agenda has several topics of local interest, but one of the main concerns for local residents, staff and visitors to the Royal Shrewsbury Hospital and the Redwood Centre is the provision of adequate parking. We have invited key individuals from the hospitals to attend the meeting as well as members of Shropshire Councils Highways department, and we hope residents take this opportunity to attend the meeting and share their issues with those that can work to resolve them.

We will also be receiving presentations on Health check Champions, local Policing, funding updates and public questions. Information will also be available on the Council Scrutiny process.

A full agenda will be available shortly on the Shropshire Council website and paper copies will be available at the meeting.

I very much hope you can join us on **Tuesday, 5th March 2013.**

Yours faithfully

Fiona Howe
